

Mini Christmas Village Kit

Bring your paper village to life!
Follow these simple steps to cut, fold, and build your cozy holiday scene.

WHAT YOU'LL NEED

- Scissors or child-safe scissors
- Glue stick or double-sided tape
- A clear, flat surface for assembling

BEFORE YOU BEGIN

- Print your pages on thick card stock for best results.
- Make sure your printer sizes are set to 'Actual Size' or 100%, not 'Fit to Page'.

ASSEMBLY INSTRUCTIONS

Cut along the outer edge of each piece, being careful not to cut off the folding tabs.

Fold along the seams and then unfold again. The seams are indicated by the dotted lines. To keep the buildings looking neat, the dotted lines are shown on the paper outside the buildings - not on the buildings themselves.

Fold all the tabs down and then unfold again.

Attach the tabs carefully with glue stick or double-sided tape, following the number order. Please note that the pieces for the Church are on two pages.

To make the townspeople and trees, fold the figure in half, cut along the small dotted line, fold the base in half and cut along the dotted line, and insert the figure crossways into the base.

Display your village on a tabletop, shelf, or other sturdy surface.
